eGRiST and Cookies

Cookie Policy

Our Cookies

Cookies are files saved on your phone, tablet, computer or other device when you visit a website.

We only use strictly necessary cookies and these ensure our websites work properly. Necessary cookies enable core functionality such as security, network management, and accessibility. They allow you to move around our websites and use the features. They are therefore needed to support the technical functionality of our websites and cannot be turned off.

We value your privacy. These cookies do not store any personal identification information.

Domain	Cookie Name	Description	Type and Expiry
www.egrist.org	SSESS* *Example name: SSESSb00bfd08edf8d11a2945a4cvcf1c1592	Used to authenticate an active session and remember users when they move between web pages. Example content: _3Hlk2vkaWRN7TcXEeu97wVCw9osMFASFQPRwZfClhN	Session
www.secure.egrist.org	SID	Used to authenticate an active session and remember users when they move between web pages. Example content: l9vnaglxt6pvbcjs8no7uh930b	Session

What type of cookies do eGRiST websites use?

eGRiST only uses session cookies. Session cookies can help with security and allow websites to remember users within the site as they move between web pages. They can remember what you have done on previous web pages so you do not have to re-enter information.

eGRiST does **not** use any persistent, analytics, tracking, performance, advertising or third-party cookies. We only use first-party session id cookies which are set by the website you are using and are not shared elsewhere.

How long are cookies saved for?

Session cookies delete themselves once you close your browser windows or are deleted when you log out.

How do I manage cookies or change my cookie settings?

Web browsers allow some control over cookies through the browser settings. You can use your browser settings to delete cookies that have already been set or to allow/block cookies. It is important to know that rejecting or blocking cookies will not delete any cookies that have already been saved to your device in the past. You can delete previously saved cookies via your browser settings. For more information about how to use your browser settings to clear your browser data or to manage cookies, check your browser 'Help' function.

Please note, if you disable cookies by changing your browser settings, this may affect how the website functions and parts of our website may not work correctly.

Updates to the Privacy Notice and Cookie Policy

We may review and amend the contents of this Cookie Policy from time to time, therefore we recommend you check it regularly.

If you have questions regarding the contents of this policy or wish to exercise any of your rights described in our Privacy Policy, you can contact our Data Protection Officer:
